

PTFA Summer Communication

New Outdoor Activities

As we approach the end of another school year we wanted to share some news that PTFA are going to be helping to fund some additional outdoor activities for our children. They will include a trail at the front of school, new marked out games on the playground, an activity mile and some table tennis tables.

Sports Day

The PTFA will be providing refreshments and a sweet stall only this year for sports day.

There will also be a BBQ (non-PTFA) to get burgers and hot dogs. It has become increasingly difficult to get the help to run a summer fayre and we would prefer family and friends to enjoy sports day without the pressure of manning stalls.

Finally.....

A big thank you to all the families, friends and teachers of the school who have supported the PTFA activities during the school year. As a result, we can help the school with equipment and activities that benefit the children. The PTFA will always welcome new helpers and listen to ideas for fundraising and to support creating a great school environment.
