

Pupil premium strategy statement

This statement details our school's use of pupil premium (and recovery premium for the 2023 to 2024 academic year) funding to help improve the attainment of our disadvantaged pupils.

It outlines our pupil premium strategy, how we intend to spend the funding in this academic year and the effect that last year's spending of pupil premium had within our school.

Part A: Pupil premium strategy plan

Statement of intent

Our intention is that all pupils, irrespective of their backgrounds or the challenges they face, make good progress and achieve high attainment across all subject areas. We recognise that disadvantaged children can face a wide range of barriers which can impact on their learning and we want to ensure and support disadvantaged pupils to achieve their goals. We consider the challenges faced by many of our vulnerable pupils, disadvantaged pupils and those in care, could be the following:

- Limited life experiences
- Lack of exposure to a wide range of rich vocabulary across various contexts
- Lack of social and emotional wellbeing to develop resilience

This is proven to have the greatest impact on closing the disadvantaged attainment gap and at the same time will benefit the non-disadvantaged pupils in our school. Target intervention and support to quickly address gaps in learning will also ensure that the attainment gap between disadvantages and non-disadvantaged children is reduced.

Our strategy is also integral to wider school plans for educational recovery. We will ensure all pupils who need 'recovery' in terms of their academic achievement have extra targeted support with qualified professionals. We will make sure that as a school we will:

- Act early to intervene at the point where needs are identified
- Ensure disadvantaged pupils are challenged in the work they are set
- Adopt a whole school approach where all staff take responsibility for disadvantaged outcomes
- Provide teachers and support staff with high quality CPD to ensure that pupils access effective quality first teaching
- Target funding so that disadvantaged children will have access to cultural capital and school trips and experiences
- Provide appropriate nurture support to enable pupils to access learning within and beyond the curriculum.

- Carefully track and monitor the progress of disadvantaged children and ensure rapid robust intervention if needed.

Challenges

This details the key challenges to achievement that we have identified among our disadvantaged pupils for 2023-2024.

Intended outcomes

This explains the outcomes we are aiming for **by the end of our current strategy plan**, and how we will measure whether they have been achieved.

Intended outcome	Success criteria
Improve children's experiences of the world/life through planning vocabulary rich experience days	Children access a wider range of life experiences to help improve their reading, writing and understanding of the world
Improve attainment among disadvantaged pupils	KS2 reading outcomes in 2024-2025 show that disadvantaged pupils are in line with all other pupils
To provide children resilience with their social and emotional wellbeing.	Children to be able to use strategies to manage their emotions.

Activity in this Academic Year

This details how we intend to spend our pupil premium (and recovery premium funding) **this academic year** to address the challenges listed above.
