Dear Parents and Carers,

Year Five Plant and Flower Workshop

We are excited to announce that we have been invited to take part in a flowers and plants workshop provided by Penny Johnson Flowers. This will take place on the 11th July and children will have the opportunity to learn about different flowers and plants, what it takes to run a successful business and how to put together an arrangement of flowers with the support of a professional.

This is an excellent opportunity for our children and will help to further develop their knowledge of plants, which we recently explored in our Science unit "Life Cycles". This workshop will also allow children to develop their D&T skills, looking at line, colour, form, space and texture and how these five elements must be considered in the world of floristry. The idea is that we will be able to raise the profile of local businesses and help children to be aware of what our local community offers whilst also inspiring them to think about the different career choices that are available in the world they live in.

Each child will have the chance to work with high quality flowers and plants and create a beautiful arrangement guided by Penny herself. This arrangement will be for the child to keep and bring home to share with you.

To be able to provide her time and resources, this workshop will cost £10 per child and this payment should be made through ParentPay. We are really looking forward to welcoming Penny into our school with the fantastic knowledge and talents that she has and we really hope that this will provide them with a range of different tools.

Mr. T Carroll
