

OUR CURRICULUM

Our aspirational curriculum provides pupils with the skills and knowledge that allows them to successfully navigate the world around them and beyond – becoming global citizens. Our curriculum enables pupils to make deep and meaningful connections giving children the foundations to succeed through academic excellence and personal development; contributing to society and making a positive change in people's lives.

ABOUT US

We are a busy, friendly, aspirational school where we encourage and empower our Children to be the best versions of themselves.

St Edward's is a happy, caring and welcoming environment which aims to fulfil the educational, social and spiritual needs of all our children. Our Catholic values are embodied in our mission statement and are central to the development of our children's spiritual, moral and vocational understanding. We have a strong catholic ethos and we are all learning to live, love and work together as we love, live, learn and look after each other.

CURRICULUM FOR ALL

Curriculum and Character

LOVE OF LEARNING

‘Knowing more, remembering more’

At St Edward’s Catholic Primary and Nursery School, the curriculum is at the heart of our educational provision. Through this - and our commitment to an exceptional climate for learning and great pedagogy - we make focused learning the foundation of every lesson. We have designed our curriculum to meet the needs of all, striving for personal as well as academic and vocational excellence. The diocesan values and virtues are a foundation stone to the design and delivery of our curriculum. We know that the development of character doesn’t happen by chance but by purpose and intention: it is therefore an explicit part of our curriculum. We therefore work hard at preparing our students to be the best version of themselves not just for today but for their futures too. Our curriculum has been designed to ensure our young people thrive, achieve and flourish. It enables them to understand what it is to be human and equips them for life so that they become kind and model citizens. Our curriculum not only develops our young people academically but socially, emotionally, culturally, physically and spiritually.

FOREST SCHOOL

We are an accredited forest School and have invested heavily in resources for all phases of the School to enjoy. We have a trained forest school practitioner who oversees the development of this aspect of our School.

OUTDOOR ENVIRONMENTS

We have wonderful outdoor spaces for all of the Children to enjoy, from Nursery to Year 6.

Our teachers look for every opportunity to take the learning outdoors, where it allows. This ranges from exploring habitats, shadow work within Science and Orienteering in Physical Education.

We recognise that our Children excel in wider curriculum areas such as music and the arts, so we recognise this by providing specialist teaching within a dynamic curriculum plan.

OUR CULTURE

**Ambitious, broad
and balanced

ENRICHMENT AT THE HEART

OUR OFFER

We map out exciting experiences for the Children, that tie in thoughtfully within a well planned curriculum to 'hook' and hold their engagement in topics. These carefully planned opportunities allow the Children to aspire and foster a curiosity that goes beyond the classroom.

We offer both a breakfast club and after School club, allowing you as families to plan ahead.

Ran by School staff, it allows for continuity and familiarity with key adults within the School. Activities are well planned, both indoors and outdoors, and cater for all ages. Tasty treats are provided for those that require.
