

**St Edwards's Catholic Primary and Nursery School**  
@StEdRCPrimary

We took part in the Good Shepherd Mass earlier. Our children were superb and took part in the choir and read. It was fantastic to represent the school and offer the money raised over Lent to @FatherHudsons. @OurLadyandAllS1 @BhamDES

Thank you for representing our MAC so well!

**Father Hudson's** @FatherHudsons · 24 May  
Thank you for joining us, we hope you had a lovely day. The music was wonderful and the girl who did the first reading was fantastic - I'm always in awe of young people who are brave enough to read in front of so many people! Thank you for your support 🙏

A great start to the day.

# Live in solidarity

The children at St Edward's have been thinking about living in solidarity with those in the local area.

During Lent, children collected money in boxes for doing good deeds at home. This was for the Father Hudson's Good Shepherd Appeal.

We even thought of creative ways to raise money so we made a giant silver snake made up of silver coins. Each child in the school added a coin or two to make the snake longer. This money was then collected and added to the money raised from the Father Hudson boxes.

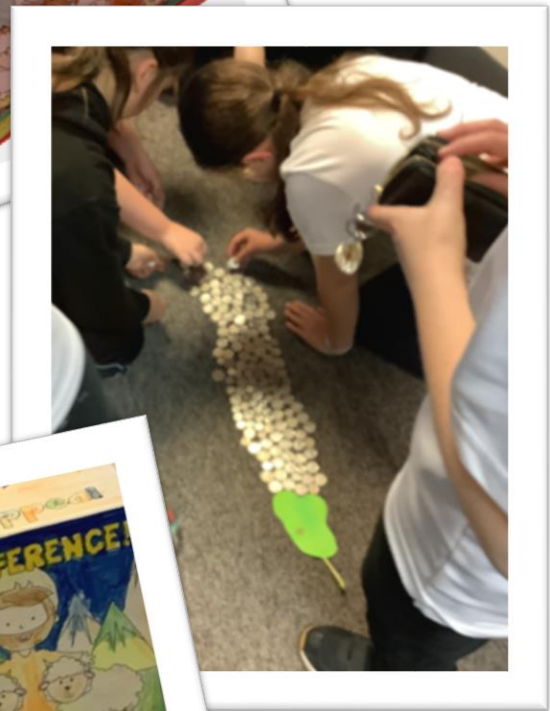

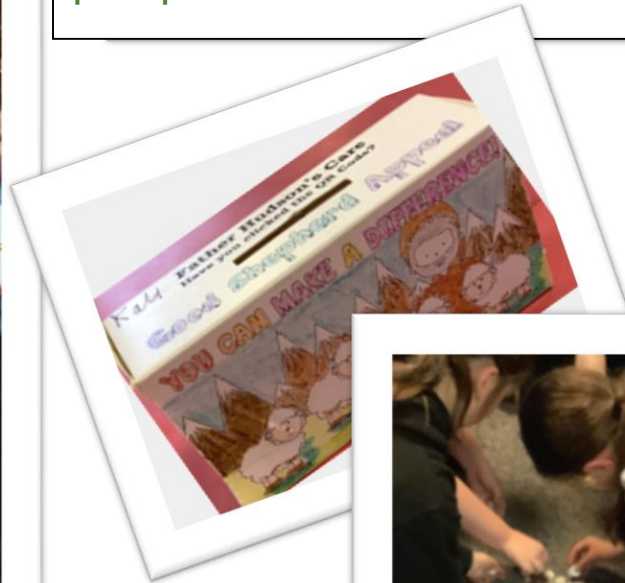

Year 6 pupils visited St Chad's Cathedral in Birmingham to take part in the Good Shepherd Mass. Here, we participated in Mass as we formed part of the choir and read in Mass before presenting the money we raised in the offertory.

The children were able to help and support vulnerable people in our community, at the end of Mass the children learnt about some of the projects and work that the money raised can help fund.

We also met Bishop David Evans who led Mass at St Chad's.

We learnt about the Catholic Social Teaching aspects throughout this time and in particular: solidarity and participation.
